Returned with the following observations:-

2. The terms on which the loan of Mr.Chatterton's services has been obtained by the Durbar are stated in Government order No.G.78-80/G.M.36-11-165 dated the 6th July 1912. Beyond the fact that a motor car will be placed at his disposal, no specific mention is made under "easement" of the rates of travelling allowances to be passed to him. It cannot, however, be the intention of Government that, for journeys outside headquarters, his out-of-pocket expenses should not be reimbursed to him.

3. The Mysore Government can exercise the powers of a Local Government in the matter of determining, under Article 999 of the Civil Service Regulations, the rate of deduction from travelling - allowance when the means of locomotion are provided by the State- vide Government Proceedings No.G.6442-64/G.M. 197-07-6 dated the 6th May 1908. Work to be done by Mr. Chatterton during his deputation to Mysore.

*****

A list of the subjects, arranged in six groups, which are engaging the attention of the Industries and Commerce Committee is attached.

2. The work to be done under each group is of three kinds:-

(1) Assisting the people of the Province in starting industries and new occupations, for which special facilities exist or for which the people themselves are prepared.

(2) Collecting and spreading information regarding industries whose introduction is desirable but which may require time to bring into existence.

(3) Educative and organisation work, i.e., publishing information on industrial subjects by means of bulletins and, also eventually, by a journal.

3. Government have passed orders for putting an industrial survey in hand. Mr. Sambasiva Iyer is appointed to carry out the survey.

The industrial survey will be more

effectively done if carried out under the supervision of an expert. Mr. Sambasiva Iyer may be placed under the orders of Mr. Chatterton for this purpose.

4. People in several places have shown a willingness to start industries if the necessary organisation and expert help is forthcoming. The Committee is trying to give the necessary help. The following industries seem to lend themselves for an early successful start:-

Brick and Tile Factory.
Jaggery manufacture.
Rice-hulling.
Oil-mills.
Manufacture of Sandalwood oil.
Use of Fly shuttle looms.
Dyeing cloth.
Leather tanning.
Use of oil pumps for irrigation.
Match.
Paper pulp.

5. Mr. Chatterton should be able to guide the people interested in starting some or all these industries and any others for which immediate facilities exist.

6. The Committee are framing proposals for organizing a staff for developing

developing industrial work in the Province. Mr. Chatterton will be able to complete the organisation and put the staff to work.

7. What other work he may be able to do will depend on Mr. Chatterton himself - on what he may have experience of or aptitude for.

SIR,

Adverting to Government Order No.C.78-80 G.M.36-11-165 dated 6th July 1912 defining the terms on which the loan of the services of Mr.A.Chatterton C.I.E., has been obtained by the Durbar, I have the honor to point out that nothing is mentioned in the order regarding the travelling allowances admissible to him while employed in Mysore. The only thing stated in this connection is that a motor car will be placed at the officer's disposal; but even in such cases reduced allowances for journeys and allowances for halts are admissible under the rules of the Civil Service Regulations. It is usual to state in orders relating to the loan of officers that the travelling allowance should be governed by the rules of the Civil Service Regulations. Moreover, there are ... strict rules to the effect that if the orders are silent as to any particular form of remuneration, the intention is that it shall not be received. (Please see Government of India order No.7899-P dated 24-12-07 communicated in G.O. No.C.5223-39-G.M.197-07-3 dated 9-3-08).

I request, therefore, that you will be good enough to obtain and communicate the orders of Government regarding the grant of travelling allowance
